

# FRIDAY ROUND UP

3rd May 2024

Dear St Anne's Community,

As we wrap up our first two weeks together, I couldn't be prouder of the incredible strides we've made as a school community. What a great school St Anne's is!

From the spirited classrooms to the bustling hallways, the energy and dedication I've witnessed have been nothing short of inspiring.

It's been amazing to see students engaging deeply in their learning and teachers fostering a culture of creativity.

The sense of camaraderie and collaboration among students, teachers, and staff is truly remarkable; it's laying the foundation for a successful year ahead.

I hope you all have a wonderful weekend!

Mr Farrell

## Year 6 Leavers' Celebrations

We appreciate that, at this time of the year, you will be thinking about your children's final term at St Anne's and the celebrations at the end of the year. With this in mind, we have had a meeting with Mr Farrell and have decided that the Leaver's Assembly will remain on the last day of term. We have changed the date of the Prom to Tuesday 16th July.

Once the SATs are finished, we will be in touch with more details about these events and other end of year details, such as hoodie orders.

Our main focus at the moment remains the SATs; we are really impressed with how hard the children are working and would like to thank you for your continued support with this. If you have any questions, please contact us.

Many thanks.

The Year 6 Team.

Join us on May 17th for Mental Health Awareness Week.

Wear green to show your support and bring £1 for the Mental Health Foundation.

Let's start the conversation and break the stigma surrounding mental health. Plus, for 50p per guess participate in our fun guessing game for a chance to win a jar of green sweets!

## Year 6 Medical Student Visit

Last week we had a visitor in class to help us begin our new Science topic about the circulatory system. Toby, who's a second year medic studying at Cambridge University and a former St Anne's pupil, came in for the afternoon and dissected a heart for the children to show them how it works and what it looks like. The children really enjoyed it and asked him some fabulous questions.

## Year 5 Maths Challenge

We are so immensely proud of our Year 5 team who represented the school superbly at the Year 5 maths challenge against 9 other local schools. They showed resilience, determination and great team work as well as a high level of mathematical understanding. Well done Team 5!

## Year 2 Assembly

Last Friday year 2 gave an assembly to the school and parents showcasing their learning so far this year. The children decided what they wanted to talk about and wrote everything themselves before being absolute superstars on the day supporting each other to deliver a great assembly.

## SEND HINTS AND TIPS FROM MISS TAVENDER

Have you heard of SCIP?  
Special needs Community Information Point

<https://send.cambridgeshire.gov.uk/kb5/cambridgeshire/directory/site.page?id=YJAM8Xlxork>

It's an organisation that provides information for parents/carers and professionals. There is details of activities/events/ support networks and resources. You can request information directly from them that is specific to your child's needs. For example they have a list of driving instructors/ hairdressers that work directly with SEND children.

### SEND IS EVERYONE'S BUSINESS

## Parking and Pedestrian Crossing

Thank you to everyone for parking so considerately whilst the police visited us this week. It really does make a difference to the children and other road users. Please continue to show such consideration each and every day.

Unfortunately we have also had complaints from local residents regarding unsafe crossing outside of school. We are very lucky to have a pedestrian crossing so close to the school so please could we ask that everyone uses this rather than crossing further down in front of cars.

Thank you in advance.

## REMINDERS

**Friday 10th May** - Big Breakfast

**Friday 10th May** - Year 4 Class trip to Cambridge

**Monday 13th - Thursday 16th May** - Year 6 SATS
