

St Anne's CofE Primary School

Friday Round Up

13th January 2023

New books and reading areas in school.

The staff are working hard to raise the profile of reading throughout the school. We have recently spent some of the commission that was earned from the Book Fayre sales back in November, on some new titles for children to enjoy. We have also had some lovely donations from the PSFA to help us purchase more books and to decorate different reading areas around the school and in classrooms to make reading areas more appealing to children.

Children use these during guided reading sessions, wet play times and at other times during the school days. Thank you to the PSFA for helping with this and to everyone who purchased books at the books fayres. We think it is important for you to see that the money given to the school is used to support children in a variety of ways.

Bridge Club

It's a new year and maybe you are looking for a new hobby or social activity to start as part of your new year resolutions. The school has hosted a privately run Bridge Club in the school hall on Wednesday nights for some years now. They are a lovely group of people and the group is looking for new members to join their club. Even if you have never played Bridge before they are happy to welcome you and teach you how to play the game. For more information, please contact Ray through the clubs website:
